Academic Structure

UF is one of the nation's top three universities in the number of majors offered on a single campus. It has 21 colleges and schools and over 100 interdisciplinary research centers, bureaus, and institutes. Almost 100 undergraduate degree programs are offered. The Graduate School coordinates more than 200 graduate programs. Professional degree programs include Dentistry, Medicine, Pharmacy, Veterinary Medicine, and Law.

Library Holdings

The George A. Smathers Libraries, forming the largest information resource system in the state of Florida, reflect the riches found in the university's academic programs. The library system is comprised of two main libraries and thirteen branch libraries and reading rooms, all with fully computerized facilities. Library collections are accessed through the LUIS online system, which holds more than one million bibliographic records. The Libraries have available 61 computerized retrieval systems. See http://www.uflib.ufl.edu/

Computer Facilities

<u>Location of personal computers or terminals for general student use:</u> Microcomputer labs, computer center, classrooms, libraries, student center, dormitories, modem dialup service, and a special office offering computer access for the disabled.

Computer requirements for students: Access to and on-going use of a computer will be required for all students to complete their degree programs successfully. Effective Summer B 1998, the university expects each student entering the junior year, as well as each student new to the university, to acquire computer hardware and software appropriate to his/her degree program. Competency in basic use of a computer is a requirement for graduation. See http://www.circa.ufl.edu/computers/

Special Facilities on Campus

The northeast corner of the campus is listed as an Historic District on the National Register of Historic Places. Notable UF facilities include:

- Florida Museum of Natural History, among the nation's top 10 natural history museums
- The Samuel P. Harn Museum of Art, one of the largest museums in the Southeast
- The Center for Performing Arts, which attracts world-class symphony orchestras, Broadway plays, opera, and large-scale ballet productions to Gainesville
- The world's largest citrus research center
- One of the nation's few self-contained intensive care hyperbaric chambers for treatment of near-drowning victims
- A microkelvin laboratory capable of producing the coldest temperature in the universe
- The second largest academic computing center in the South
- A world-class bell carillon
- 99-rank Anderson Memorial pipe organ
- Engineering and Industrial Experiment Station
- A federally-funded world-class brain institute
- One public television, one public radio, and two commercial radio stations.

Graduation Rates

The information in this section comes from the IPEDS Graduation Rate Survey (GRS). For complete instructions and definitions of data elements, see the IPEDS GRS instructions and glossary.

For Bachelor's or Equivalent Programs

Report for the cohort of full-time first-time bachelor's (or equivalent) degree-seeking undergraduate students who entered in Fall 1991. Include in the cohort those who entered your institution during the summer term preceding Fall 1991.

- **CDS B4.** Initial 1991 cohort of first-time, full-time bachelor's (or equivalent) degree-seeking undergraduate students; total all students: <u>4,367</u> (IPEDS GRS, Section II, Part A, line 10, sum of columns 15 and 16)
- **CDS B5.** Of the initial 1991 cohort, how many did not persist and did not graduate for the following reasons: deceased, permanently disabled, armed forces, foreign aid service of the federal government, or official church missions; total allowable exclusions: <u>3</u>

(IPEDS GRS, Section II, Part C, line 45, sum of columns 15 and 16)

- **CDS B6.** Final 1991 cohort, after adjusting for allowable exclusions: <u>4,364</u> (Subtract question B5 from question B4)
- CDS B7. Of the initial 1991 initial cohort, how many completed the program in four years or less (by August 31, 1995): 1,284

(IPEDS GRS, Section II, Part A, line 19, sum of columns 15 and 16)

- CDS B8. Of the initial 1991 cohort, how may completed the program in more than four years but in five years or less (after August 31, 1995 and by August 31, 1996)

 (IPEDS GRS, Section II, Part A, line 20, sum of columns 15 and 16)
- CDS B9. Of the initial 1991 cohort, how many completed the program in more than five years but in six years or less (after August 31, 1996 and by August 31, 1997):

 (IPEDS GRS, Section II, Part A, line 21, sum of columns 15 and 16)
- CDS B10. Total graduating within six years (sum of questions B7, B8, and B9): 2,796 (IPEDS GRS, Section II, Part A, line 18, sum of columns 15 and 16)
- CDS B11. Six-year graduation rate for 1991 cohort (question B10 divided by question B6): 64%

An alternative to the cohort method for reporting graduation rates is to look at how many years it took the most recent graduating class to earn a degree. The most recent survey of graduating seniors (1998) reveals that 64% earned a degree within the required 4 or 5 years.

Retention Rates

Report for the cohort of all full-time, first-time bachelor's (or equivalent) degree-seeking undergraduate students who entered in fall 1996 (or the preceding summer term). The initial cohort may be adjusted for students who departed for the following reasons: deceased, permanently disabled, armed forces, foreign aid service of the federal government or official church missions. No other adjustments to the initial cohort should be made.

CDS - B21. For the cohort of all full-time bachelor's (or equivalent) degree-seeking undergraduate students who entered your institution as freshmen in fall 1996 (or the preceding summer term), what percentage was enrolled at your institution as of the date your institution calculates it official enrollment in fall 1997? **91%**

Five most popular undergraduate majors: Business Admin. & Management, Finance, Psychology, Accounting, & Elementary Teacher Ed.

Post-Graduation Activities of Graduating Seniors

Nearly three in five UF seniors have solid post-graduation plans - 36% have a definite job or are negotiating employment and 22% have been accepted into a graduate or professional degree program.

Only one in ten students say they do not have any plans to continue their education now or in the future. A majority of students (51%) indicate they will seek a master's degree, and nearly a third say they plan to obtain a Ph.D. (15%) or professional degree (15%). Three percent (3%) report they would like to receive some other type of degree, while 6% are unsure whether they want to pursue an advanced degree.

Florida has now ranked among the nation's five best collegiate athletic programs for nine consecutive years and among the nation's top 10 for 15 straight years, according to the Sears Directors' cup All-Sports 1998 rankings. Florida was equally successful away from the athletic arena in 1997-98, as a league record 100 student-athletes were named to the Southeastern Conference's (SEC) Academic Honor Roll. Florida has now had 481 Academic Honor Roll recipients over the last six years the best six-year total in UF and SEC history. Since the 1980-81 year, UF student-athletes have accumulated 908 SEC Academic Honor Roll honors, the top total in the SEC during that time span. In addition, the Gator athletic program continues to have an impact in regard to University academic programs. Since 1990, the University Athletic Association has now contributed more than \$14.3 million to the University to fund academic endeavors.

Intercollegiate sports available for **men**: baseball, basketball, cross country, football, golf, swimming/diving, tennis, and track/field.

Sports offering men athletic scholarships: baseball, basketball, cross country, football, golf, swimming/diving, tennis, and track/field.

Intercollegiate sports available for **women**: basketball, cross country, golf, gymnastics, swimming/diving, tennis, track/field, volleyball, soccer, and softball.

Sports offering women athletic scholarships: basketball, cross country, golf, gymnastics, swimming/diving, tennis, track/field, volleyball, soccer, and softball.

Athletic & Recreational Facilities on Campus

Florida's athletic program serves as a focal point for the surrounding community and beyond, as more than four million fans have filed through the gates to attend UF sporting events over the past five years.

Athletic facilities include the 83,000-seat Ben Hill Griffin Stadium at Florida Field; the Stephen C. O'Connell Center, which houses a 12,000-seat basketball arena, an indoor track, swimming pool and diving tank, and gymnastics area; a baseball stadium; varsity tennis stadium; an 18-hole championship golf course; and a track and field stadium. There are also two student recreation and fitness centers on campus. Activities offered include aerobics, martial arts, basketball, racquetball, softball, squash, strength conditioning, tennis, and/or volleyball.

G. ANNUAL EXPENSES

Provide 1998-99 academic year costs for the following categories that are applicable to your institution.

CDS - G1. Undergraduate full-time tuition, required fees, room and board

List the typical tuition, required fees, and room and board for a full-time undergraduate student for the FULL 1998-99 academic year. A full academic year refers to the period of time generally extending from September to June; usually equated to two semesters or trimesters, three quarters, or the period covered by a four-one-four plan. **Required fees** include only charges that all full-time students must pay that are *not* included in tuition (e.g., registration, health, or activity fees.) Do *not* include optional fees (e.g., parking, laboratory use).

H. FINANCIAL AID

Aid Awarded to Enrolled Undergraduates

CDS - H1. Enter total dollar amount **awarded** in the 1997-98 academic year to full-time and part-time degree-seeking undergraduates (**using the same cohort reported in CDS Question B1, "total degree-seeking" undergraduates**) in the following categories. Include aid awarded to international students (i.e., those not qualifying for federal aid). Do not include non-need-based athletically related aid or tuition waivers that are personnel benefits.

Number of Undergraduates (U): Please provide the number of degree-seeking undergraduates who were awarded aid. Number of First-year students (F): Please provide the number of degree-seeking, first-time, first-year (freshman) students who were awarded aid.

Include the first-year students in the undergraduate count. Students may be counted in more than one row. Aid that is non-need-based but is used to meet need should be counted as need-based aid.

If data reported are not for AY97-98, what is the AY of reported data? 96-97
