Library Holdings

The George A. Smathers Libraries, forming the largest information resource system in the state of Florida, reflect the riches found in the university's academic programs. The library system is comprised of two main libraries and thirteen branch libraries and reading rooms, all with fully computerized facilities. Library collections are accessed through the LUIS online system, which holds more than one million bibliographic records. The Libraries have available 61 computerized retrieval systems. See http://www.uflib.ufl.edu/

Computer Facilities

<u>Location of personal computers or terminals for general student use:</u> Microcomputer labs, computer center, classrooms, libraries, student center, dormitories, modem dialup service, and a special office offering computer access for the disabled.

Computer requirements for students: Access to and on-going use of a computer will be required for all students to complete their degree programs successfully. Effective Summer B 1998, the university expects each student entering the junior year, as well as each student new to the university, to acquire computer hardware and software appropriate to his/her degree program. Competency in basic use of a computer is a requirement for graduation. See http://www.circa.ufl.edu/computers/

Retention Rates

Report for the cohort of all full-time, first-time bachelor's (or equivalent) degree-seeking undergraduate students who entered in fall 2002 (or the preceding summer term). The initial cohort may be adjusted for students who departed for the following reasons: deceased, permanently disabled, armed forces, foreign aid service of the federal government or official church missions. No other adjustments to the initial cohort should be made.

CDS - B22. For the cohort of all full-time bachelor's (or equivalent) degree-seeking undergraduate students who entered your institution as freshmen in fall 2002 (or the preceding summer term), what percentage was enrolled at your institution as of the date your institution calculates it official enrollment in fall 2003? **93**%

Post-Graduation Activities of Graduating Seniors

Nearly three in five UF seniors have solid post-graduation plans - 36% have a definite job or are negotiating employment and 22% have been accepted into a graduate or professional degree program.

Only one in ten students say they do not have any plans to continue their education now or in the future. A majority of students (51%) indicate they will seek a master's degree, and nearly a third say they plan to obtain a Ph.D. (15%) or professional degree (15%). Three percent (3%) report they would like to receive some other type of degree, while 6% are unsure whether they want to pursue an advanced degree.
