Re: Florida Board of Governors, Regulation 10.015
Date: May 9, 2022

You are receiving this because one or more of the centers and institutes within your purview is due for an evaluation per Florida Board of Governors regulation 10.015. Evaluations occur every five to seven years.

At a minimum, the evaluation of each center and institute should include the following elements as appropriate: progress against defined goals; return on investment of State dollars; changes in mission, organization, or budget structure; and the need for the center to continue. A brief survey was created to meet the requirements of the state regulation and help prepare the evaluation of each center or institute.

The **Evaluation Survey** should be completed no later than **July 15, 2022**. The list of centers and institutes scheduled for evaluation this year, the regulation, and FAQ's can be found on a dedicated support site developed by Institutional Planning and Research at the following link:

In addition to periodic evaluations, **Annual Expenditure Reports** continue and are required. We will send more information in mid-July. The expenditure reports for fiscal year 2021 will be due at the end of August.

If you have any questions regarding your submission(s), please contact Christie Cassady (ccassady1@aa.ufl.edu) and Chris Gaynor (scgaynor@ufl.edu) at 352-392-0456, in Institutional Planning and Research.

We appreciate your time and attention to this request. Thank you for your commitment to helping the university respond to this state regulation.
