### Overview

#### Academic Libraries Overview

Welcome to the IPEDS Academic Libraries (AL) survey component. The purpose of the AL component of IPEDS is to collect information on library collections, library staff, library expenses, and library services for libraries in degree-granting postsecondary institutions.

#### Data Reporting Reminders

- Report data to accurately reflect the time period corresponding with the IPEDS survey component, even if such reporting is seemingly inconsistent with prior-year reporting. For example, if a summer term began later than usual due to Coronavirus Pandemic postponements, continue to report using the timeframes as defined in the IPEDS instructions. NCES expects that some data reported during the 2020-21 data collection year will vary from established prior trends due to the impacts of Coronavirus Pandemic. If an error edit is triggered even when submitting accurate data, please indicate in the corresponding context box or verbally to the Help Desk that the seemingly inconsistent data are accurate and reflect the effects of Coronavirus Pandemic.
- Report all data for fiscal year (FY) 2020. Fiscal Year 2020 is defined as the most recent 12-month period that ends before October 1, 2020, that corresponds to the institution's fiscal year.

#### Changes to reporting for 2020-21:

- Added detailed collection of Library Staff by FTE
- Changed e-serial definition
- Addition of digital/electronic serials in digital/electronic circulation

#### Coverage

Include data for the main or central academic library and all branch and independent libraries that were open all or part of the Fiscal Year 2020. Branch and independent libraries are defined as auxiliary library service outlets with quarters separate from the central library that houses the basic collection. The central library administers the branches. Libraries on branch campuses that have separate IPEDS unit identification numbers are reported as separate libraries.

## Parent child allocation factors

## Parent child allocation factors

The **Academic Libraries survey** report submitted under this UnitID is a combined report that includes data for all the locations listed below. Because this is a combined report, you must provide allocation factors that indicate how the data should be distributed among all included institutions. Allocation factors are percents. The allocation factors you provide will be used to create derived variables for the IPEDS Peer Analysis System to allocate reported data to each component location.

Unit ID	Name of Institution	City, State	Allocation factor	2019 - 2020 Allocation factor
134130	University of Florida	Gainesville, FL	<input type="text" value="100"/> %	<b>100%</b>
484473	University of Florida-Online	Gainesville, FL	<input type="text" value="0"/> %	<b>0</b>
		<b>Total:</b>	<b>100%</b>	

If this list of institutions is not complete, or is incorrect in any way, or if you would like to report data for each component institution instead of submitting a combined report, or if you have any questions or concerns, please call the Help Desk at **1-877-225-2568**.

## Summary

### Academic Libraries Component Summary

IPEDS collects important information regarding your institution. All data reported in IPEDS survey components become available in the IPEDS Data Center and appear as aggregated data in various Department of Education reports. Additionally, some of the reported data appears specifically for your institution through the College Navigator website and is included in your institution's Data Feedback Report (DFR). The purpose of this summary is to provide you an opportunity to view some of the data that, when accepted through the IPEDS quality control process, will appear on the College Navigator website and/or your DFR. College Navigator is updated approximately three months after the data collection period closes and Data Feedback Reports will be available through the [Data Center](#) and sent to your institution's CEO in November 2020.

Please review your data for accuracy. If you have questions about the data displayed below after reviewing the data reported on the survey screens, please contact the IPEDS Help Desk at: 1-877-225-2568 or [ipedshelp@rti.org](mailto:ipedshelp@rti.org).

Screen Entry	The number entered (12,820) is outside the expected range of between 5,812 and 10,792 compared to the prior year value. Please correct your data or explain. (Error #15015)	Explanation	Yes	
Reason	The libraries employed a greater number of interlibrary loans in order to satisfy the need for resources previously used in print form. The libraries experienced a decrease in in-person traffic of 29%, thus, students could not use print resources. To accommodate this shift, the libraries borrowed from other locations and other libraries did the same.
